College Bursary funds are limited and will be allocated on a '**first come, first served**' basis, so you should submit your fully completed bursary application and supporting documents **as soon as possible** so that your application may be assessed before the start of the academic session.

Supporting documents should be submitted in electronic format as part of the online application process. The documents must be clear and legible. Your application will be delayed if your supporting documents are not of an acceptable standard. Your supporting documents may be scanned to electronic format or photographed (e.g. using a mobile device). If you require assistance with scanning supporting documents, please bring your documents in to the College Advice Centre or Learning Centre and staff will provide assistance.

If you do not submit your bursary application until after your course starts it may take up to six weeks to assess.* Application forms that are received more than six weeks after the start of your course will **not** normally be backdated and may be refused.

If you should require any additional assistance you can contact the Bursary Section by telephone 01355 807780 or e-mail at Bursaries@slc.ac.uk.
